

## Vaccination policy for BEDE Events Winter Series Competitions 2019/2020

- On arrival at the centre please bring your horses passport to the organisers office before unloading your horse.
- An initial course of two injections for primary vaccination, not less than 21 days and not more than 92 days apart, are required before being eligible to compete.
- A first booster injection must be given between 150 and 215 days after the second injection of primary vaccination.
- Subsequent booster injections must be given at regular intervals of not more than 12 months, commencing after the first booster injection.
- The most recent booster injection must have been given within six calendar months +21 days prior to the horse competing.
- The full course or booster must have been administered at least seven days before arriving at the competition.
- Any horses without passports and compliant vaccination records will be asked to leave the site, along with any others which they may have travelled with.
- The responsibility to comply with this rule lies with the competitor who should consult with their veterinarian.
